PRICE THREE CENTS

SNOW VIOLATIONS BRING ONE FINE

Angry Citizen Calls Three
Officials Liars at
Hearing.

OTHERS GET WARNINGS

Court was held in Narberth Monday night. Forty-three residents had received summonses for failing to remove the snow from their sidewalks in last week's storm, as required by ordinance. Nearly a hundred, including the alleged offenders and their friends, were present.

Only one was fined. He was E. S. Munro, of 114 Forest avenue.

Officer Joseph Kelley, who made the report, testified that 40 hours after the storm, there was snow on the pavement. Mr. Munro interrupted with the assertion that he had cleaned the walk. "Perhaps the snow drifted back," said officer Kelley, "but there was snow on the walk when I inspected it."

"You are a liar," said Mr. Munro.

Up stepped Street Commissioner George B. Supplee, who testified that he, too, had inspected the walk with officer Kelley, and had found unremoved snow.

"You are another liar," the defendant said.

Then Robert F. Wood, chairman of Council's Highway Committee, spoke up, stating that he, too, had seen the snow on the pavement.

"You are a liar, too," asserted the angry citizen.

Here the Burgess broke in with an explanation that Mr. Munro had not been accused of failing to clean his walk. The testimony dealt simply with its condition some time after the storm.

But the defendant launched into diatribe on Narberth's bad government and worse officials. He concluded his speech by turning to the Burgess with the words, "I dare you to fine me."

"Ten dollars and costs," was Mr. Frye's reply.

The other defendants were more pleasantly disposed, and gave explanations of their derelictions. Some claimed and proved that they had cleaned the walks, but that the snow had drifted back. These promised closer attention to the ordinance in the future and were released.

Several first offenders and others unfamiliar with the ordinance were also liberated with a warning. The vacant lot at Narberth and Sabine avenues, resulted in a summons to the reputed owners, the American Stores Company. A representative of Brown and Dulles, real estate agents, appeared at the hearing, however, and accepted responsibility for the property in the name of the company.

Not only did the real estate firm agree to keep the walks clean, but also promised to keep the lot in shape next summer, an offer which brought forth expressions of gratitude from residents of that part of town.

CHANGE POLICE

Changes were made Sunday by the Lower Merion Police Department in the beats of several of the township patrolmen. Some men were transferred from one district to another. The changes were mostly among the men covering the business centres in Narberth, Ardmore and Bryn Mawr. Many of the men were also re-assigned to different sergeants.

One change was made in Narberth. Emil Piquet was transferred to Bryn Mawr and was replaced by Howard L. Love, of 305 Woodbine avenue.

TO FLORIDA

Mr. and Mrs. Robley A. Warner, of Narberth avenue, left last week for Miami, Florida. They will also visit the West Coast, and motor home in the spring.

Miss Anna Gillespie Ewing, Stuart and Dudley avenues, has left for a visit with relatives in Bradenton, Florida.

WILL SWITCH BORO PHONES TO CYNWYD

Cut-over of 900 Subscribers
From Ardmore Exchange
Slated for May.

CLUB MEETS IN OFFICE

Approximately 900 Narberth telephones, traffic from which is now handled by the Ardmore central exchange, are to be switched to the Cynwyd office. Cables for the wire have already been laid and the change will be made as soon as switchboard connections are completed. This is expected in spring, probably by May 1.

Announcement to this effect was made Tuesday night to the Bala-Cynwyd Neighborhood Club by E. P. Edwards, district superintendent of traffic for the Bell Telephone Company. Mr. Edwards was host to the club at its January meeting, which was held in the assembly room of the Cynwyd phone exchange.

The switch-over of the 900 Narberth phones to Cynwyd will be made to relieve congestion at the Ardmore central office, it was explained.

The Cynwyd exchange, a new building less than two years old, is still far from capacity and can handle the extra traffic better.

The addition will give the Cynwyd exchange a volume of traffic equal to that handled by Ardmore. It is estimated that there are now in the Bala-Cynwyd, Merion and West Manayunk territory covered by the Cynwyd office, from 1500 to 1700 telephone lines serving about 3000.

It is doubtful if any of the Narberth subscribers will be aware that a change has been made when the cut-over is completed. Persons calling Narberth residents will still ask for "Narberth" though the calls will be handled through Cynwyd.

Telephone operation problems were explained to the Neighborhood Club by Superintendent Edwards briefly and then questions.

The elimination of the repetition of numbers by operators when taking calls was brought up in one question. This system, Mr. Edwards explained, was started in Philadelphia district this fall and checks up in Philadelphia and in city centers over the country where the repetition has been done away with has shown a saving of 20 per cent. in the time for handling of a call. This has been done without surveys showing a rise in inaccurately handled calls.

'T WAS BITTER COLD!

The lowest temperature of the winter and also the lowest on record for January 15 has been reported by the Co-operative Observer in Narberth. The low temperature reported was 6 degrees, and the highest for the week was 52 degrees.

Since January 1 the temperature deficiency is 25 degrees, although the excess over the same period last year is 62 degrees.

Precipitation last week was .52 of an inch. The total precipitation since January 1 is 1.72 of an inch. The barometer registered high at 30.38 and low at 30.20.

WILL GO TO HARRISBURG

The chairman of the Narberth League of Women Voters, Mrs. B. Earl Achenbach, will leave for Harrisburg Monday morning as a delegate of the Montgomery County League of Women Voters Legislature and report the result. To study the work of the State Mrs. Achenbach will be at the State League house, which is open in Harrisburg for League members during the entire session of the legislature.

Prospects of New Station Seen in Appointment of Committee

Perhaps Narberth will have a new station. Perhaps the freight yards will be moved to Wynnewood. Perhaps the Narberth avenue bridge will be improved. All these ambitions, of course, are strongly qualified by the word "perhaps," but Narberth's business men are laying plans to remove the doubt. A concerted campaign will be undertaken to persuade the august and hitherto penurious Pennsylvania Railroad to undertake the work.

Many years ago there existed wonderful plans. They called for a magnificent station, a new post office, new freight yards on the side of the present playground, an Essex avenue tunnel, and numerous other items. A half-million dollars at least was to be spent on Narberth's station facilities.

Came the war, and a suspension of "unnecessary" expenses. Came then the end of the war and the preparation of less expensive plans. Came also the Broad Street Station fire and the ambitions of the Pennsy for a great terminal—and consequently economy.

And Narberth still has her faithful old station, her ugly freight yard on the south side, and her treacherous bridge at Narberth avenue. All this was brought out by former Burgess Carl B. Metzger, who spoke Monday night at the monthly meeting of the Narberth Board of Trade.

Plans for a new station are in existence, Mr. Metzger said. They call for a new footway on the east side of the bridge; for the construction of a new station on the south side; for the extension of the shelter sheds, that persons waiting for trains could enjoy protection from the elements; for the removal of all or a part of the buildings on the north side of the railroad property; and for the removal of the freight yards to Wynnewood.

The cost of this plan, it is estimated, would be in the neighborhood of \$50,000. The work will start when and if President Atterbury puts his signature to the project. So far the General has regarded other railroad improvements as of greater importance than the Narberth work.

Despite the large number of people riding on passes, Mr. Metzger pointed out, Narberth is the best paying station on the line between Philadelphia and Paoli, and is entitled to more generous treatment.

A committee was appointed to take up the matter with the railroad forthwith and attempt to have the work started immediately. The members of the committee are: Ralph S. Dunne, George M. Dando, J. P. White and Chris Koch.

DIRECTORS NAMED FOR LATEST BANK

Counties Title and Trust Company to
Have \$200,000 Capital.

Directors of the Counties Title and Trust Company, the new Ardmore bank, were chosen at a meeting of the stockholders last week. At another meeting to be held this coming Tuesday a president and other officers will be selected.

The directors are: William C. Alexander, Jr., William M. Anderson, F. Von A. Caben, Jr., W. B. Calkins, Gordon H. Cilley, M. Vernon Coates, Edward C. Dixon, Frederick W. Dreher, Donald S. Edmonds, Charles E. Goodman, Edmund G. Hamerly, Carl B. Metzger, James K. Stone, W. Mosley Swain and Leonard Williams.

The bank received its charter from the State some weeks ago and most details of organization have now been completed. The capital of \$200,000, it is announced, has all been subscribed. There is a paid in surplus of \$150,000.

Two other titles were chosen for the newest Main Line financial institution before its present one was settled upon. The first was the Ardmore Title and Trust Company, but this was changed when it was pointed out that there might be confusion between it and the Ardmore National Bank and Trust Company.

The second title selected was the Main Line Title and Trust Company but this was given up for the same reasons as the first, the Main Line National Bank of Wayne being the cause this time.

"SO THIS IS LONDON" TO BE GIVEN HERE

Play That Ran a Year in New York
and London to Be Given by
Professionals.

Next Saturday evening, February 5, at Borough Hall, will be given George M. Cohan's great stage success, "So This Is London." This will be presented by the Harold D. Speakman Post of the American Legion, in conjunction with the Swarthmore Chautauqua Association.

For the first time in the history of our community a sure-enough theatrical troupe, with complete costumes and scenery for their delightful comedy, will play to what is expected to be a packed-to-over-flowing audience.

This same troupe is now giving this play in Bethlehem, Pa., for prices that run from \$2 to \$4.50; but through the effort of the Legion reserved seats will be obtainable in Narberth for \$1 or \$1.50. Tickets may be purchased from any member of the Legion or Legion Auxiliary, or at Crane's Drug Store.

Men hate the things they do not understand. And so, in this absorbing comedy we find Hiram Draper, the Yankee shoe manufacturer, militant, opulent, bursting with efficiency, carrying as luggage on his business trip to England an assortment of prejudices, dislikes and misunderstandings of things English.

And when he tries to buy Sir Percy Beauchamp's factory he finds that bumptious insular, "haw haw" Englishman snorting with rage at things American, "so doocidedly vulgaw, don't you know." One can imagine the riot.

This One Traveled Far, Though Once Under a Refrigerator Car

"Going down?" he called, extending his arms to attract our attention, and pointing toward Philadelphia. We looked him over.

He was tall, huge boned and brawny. Perched above his ruddy face was a blue wool cap. He wore a large white sweater that was singularly clean, nondescript trousers and neatly buckled galoshes.

"How far you going?" we asked, slowing up beside him and opening the car door. "Through Philadelphia to Jersey," he replied, climbing in.

It was on Montgomery pike that we picked him up. We took him in as far as City Hall. But before

we dropped him there, he told us about hitches that he had made from coast to coast, of lifts of hundreds of miles across burning prairies and rippling wheat fields, of hops across entire States—and other hops that lasted only a few miles, as in the present case.

He intrigued the curiosity, and he gratified it. For he was a hobo de luxe, the new knight of the road. He had traveled by every kind of motor car and truck, and when he wished long hops for hundreds of miles, fast freight had borne him on his travels. Led on, he narrated his adventures, and he told more in

COOK IS ELECTED FOOTBALL CAPTAIN

Selection, Regarded as Upset,
Made Before Annual
Banquet.

FERREIRA GIVES CUP

Allan Cook, of Merion, class of 1928 and varsity end on the 1926 Lower Merion High football team, was elected captain of next year's eleven Saturday. His election took place at a meeting of the 20 letter men and was announced at the annual football dinner which followed immediately in the high school at Ardmore.

This is the second captaincy for Cook, last year's tennis team having previously elected him leader for the coming season. He is also active in basketball and is present varsity centre and high scorer on the Lower Merion quintet.

Cook's election came somewhat as a surprise to most of the followers of the high school football team. It was known that he would be one of four candidates for the post, but except to a few of those in the know of things he was regarded, previous to the meeting Saturday, as the one least likely of election. He won with three votes to spare over his nearest rival. Others who were given ballots for the captaincy were Oswald Smith, of West Conshohocken, halfback on last year's eleven; Sam Barclay, of Ardmore, end, and Irving Dothard, of Narberth, another halfback.

Physical Director Grossman, of the faculty, acted as teller and counted the votes of the letter men. Announcement of Cook's election was made at the banquet by the outgoing captain, Wendell B. Stewart, of Cynwyd.

Over 100 guests, who included fathers of the boys on the football team and members of the school board and their friends, attended the annual banquet. Principal Charles B. Pennyacker, who acted as toastmaster, started the ball rolling when he called upon Albert C. Adam, football mentor of the Maroon and White, for a short speech. Mr. Adam spoke briefly of the past season, comparing it with other seasons experienced by neighboring high schools. Inexperience was the main jinx of the entire season, he declared.

Captain Stewart of the 1926 football team after briefly reviewing the results of the season presented to Mr. Adam as a token of appreciation from the letter men of the '26 team, a gold medal. It was a duplicate of one won by Coach Adam in the New England Interscholarship Wrestling Tournament. Mr. Adam shortly after winning the heavy-weight intercollegiate wrestling honors lost his medal while in training.

ROTARY SPEAKER

Deplores Tendency to View Job as
Necessary Evil—Win in Attendance.

"The Romance in Your Job" was the subject of W. Russell Green, of Narberth, advertising manager for the Charles E. Hires Company, who was the speaker at the weekly luncheon of the Bala-Cynwyd-Narberth Rotary Club on Tuesday. He deplored the tendency of many men to see their job as only a necessary evil.

All attendance records were broken by the club at this meeting. For the first time since its organization every member was in attendance. Following this announcement, President Alvin E. Shull informed the club that there was only one absence in the four January meetings which had not been "made up." As a result, the Balcynar Club wins the attendance contest which it has been staging for the month with the Ardmore Rotary Club. Ardmore, as the loser, will pay for a joint dinner, the date of which is to be announced shortly.

Guests at the meeting were Harry C. Bare, Dr. Charles Barber, J. E. Barkman, H. D. Thompson and David Charles, all members of the Ardmore Club; George Gessler, of the Philadelphia Club, and Ralph S. Dunne, George Gilpin and Dr. A. J. Denman, of Narberth.

CITY PARKING IS BUSINESS SUBJECT

Local Board of Trade to Urge
Shopping in
Narberth.

LARGEST ATTENDANCE

Philadelphia's parking ban, with its effect upon Narberth business conditions, was an important topic of discussion at the monthly meeting of the Narberth Board of Trade Monday night.

The Brynwood Manor Inn was the scene of the January meeting, which like the last, was in the form of a supper. Forty merchants, the largest attendance yet recorded, gathered in the attractive dining room of the inn to consume a most enjoyable supper.

Harry C. Bare, vice-president of the Merion Title and Trust Company, was first speaker. His talk was in praise of Narberth's community spirit, and told of the accomplishments which could be directed by a well-organized group of business men. As an example he told of the work of the Ardmore Chamber of Commerce, and pointed to the lighting of Lancaster avenue as one of the things made possible by that organization.

Carl B. Metzger, president of the Narberth National Bank, urged the board to keep in close touch with Council and to advise that body and the Board of Trade in the case of ordinances affecting business conditions. His exposition of the plans for a new station are reported elsewhere.

President Chris Koch urged upon the members the necessity of keeping the business section open for shoppers to park.

"Philadelphia's drastic ban on parking is driving the public out of the central parts of town to the outlying parts of the city and suburbs," he said. "Many city shoppers are finding it more convenient to have their wants supplied at home."

Local parking laws must be enforced with discretion, he stated. A resolution was passed by the Board of Trade requesting Council to instruct the police to use moderation in interpreting the parking ordinances.

Merchants were urged to keep their private cars and delivery trucks out of the congested section as much as possible, so as to have room for the shoppers to park. The use of the side streets for protracted parking was urged.

Six new members were elected. They are Arthur Korthaus, proprietor of the Windsor Garage; Walter Roser, taximan; Charles E. Funk, garage proprietor; J. W. Munyon, manager of the McIntyre store; J. P. White, confectioner, and E. J. Hartzell, real estate and insurance man.

The social side of the meeting was well filled out by singing under the direction of Fred Walzer and Walter Case, and by two

COMMUNITY CLUB MEETS

The meeting of the Women's Community Club on Tuesday, February 1, will be in charge of the Chairman of Art, Mrs. E. C. Batchelor. Miss Dorothy Grafy is to speak on "Art in America Today," a general survey of what creative work is being done in this country in painting and sculpture. Her intention is not to dwell especially on the "modern," that is, the extreme in art, but to consider all significant contributions.

Miss Grafy is also to "personally conduct" the visitors to the Academy from the Community Club; at least, such of them as can join Mrs. Batchelor on Friday, February 4, on the train leaving Narberth at 9.30 A. M. All desiring to be of this party should send their names with \$1.00 to Mrs. Batchelor.

The Board of Directors is giving a luncheon-bridge at Brynwood Manor Inn, Montgomery avenue, at 1 P. M., Tuesday, February 8. The tickets are \$1.00 each. Reservations should be made with Mrs. H. A. Jacobs, Box 979, Narberth.

EXPRESSES APPRECIATION

To the Editor of "Our Town:"

I have read the notice of my resignation as pastor of the Narberth Lutheran Church, and I want to testify as to its correctness. It was with real sorrow that I gave up my work here, and thus to separate myself from this people whom I have learned to regard very highly. I bear witness to their universal kindness and generosity, but I was compelled to cease my labors here, because of such a state of nervous exhaustion as to render preaching for me just now impossible.

I want in this way to express my love to all, and wish for them speedily a new pastor, who shall be most beloved and efficient, and that the church may go forward to ultimate and splendid victory.

TALK BY DRUMMER
AT SCOUT MEETING

Four New Members Initiated in Ceremony.

Last week's meeting of the Boy Scouts in "The Cabin" was of unusual interest to the boys and a small group of fathers. A spirited talk by Dr. T. Asher Hess, of Philadelphia, drummer boy of the Civil War, and the national scout ceremony of initiation, featured the meeting.

The first part of the evening was devoted to marching, games and other practices in line with scouting. A "battle royal" boxing bout, for three weights of scouts, proved highly entertaining.

A special escort of three scouts, in charge of John Wilson, assistant scoutmaster, met Dr. Hess on his arrival at the station. He was received amid enthusiastic cheers by the boys. Following his introduction he gave an exhibition of drumming on the same drum which he had carried in the Civil War. This was accompanied by a talk on obedience.

Starting with the tightening of the drumhead and adjusting the snares, Dr. Hess proceeded to show the scouts the various beats used in martial drumming, ending the exhibition with "the long roll." His talk on obedience was vividly pictured with personal experiences during the war and since.

That the boys enjoyed what Dr. Hess had to say was clearly demonstrated by the manner in which they cheered, under the leadership of Vestus Sindler. To show their appreciation in a more substantial way, Senior Patrol Leader Lambert stepped to the centre of the floor, and in an appropriate speech presented to him a gold coin in a green plush case.

The solemn ceremony of initiation, conducted by John Wilson, assistant scoutmaster, ended the evening's program. Those who were initiated were James Bailey, Francis "Bus" Diven, "Sonny" Speed and "Dick" Wentz. Twelve scouts, each representing one of the national scout laws, took part in the ceremonial.

HIGH SCHOOL WINS
DEBATE, LOSES ONE

Cheltenham Ties Lower Merion in Argument on Direct Primary.

NETMEN DOWNED 25-23

The chances are 50-50 that the convention will be substituted for the direct primary, according to the results of Lower Merion's two debates on the subject with Cheltenham High Friday afternoon. The home team won, but the trio which visited Cheltenham lost, causing a tie.

Victory was cinched on the negative side by the home trio, who scored with their presentation speeches and presented more convincing arguments than their opponents. The Maroon and White winners are Marion Conley, Francis Shoemaker and Walton Forestall, and Mina Lyle, alternate.

Did Better at Home.

Cheltenham's home team presented more effective arguments than Lower Merion's visiting debaters, according to the judges' decision. The losers, who put up a good argument, nevertheless, are Hope Burlingame, Charles Pennypacker and Robert Kessler, with James Knipe as alternate.

Mr. Kratz, of Bryn Mawr, was judge of the debate at Lower Merion, while Mr. Grossman, physical director of the high school, acted as timer. The next debate will be held Friday afternoon, February 18, with Upper Darby.

The annual gym exhibition by the combined gym classes of the high school is to be held this year on Friday evening, April 8, in the Junior High School. Plans have already been made for a varied and novel set of stunts.

Hard luck is again stalking through the rank and file of the Merion basketballers. Chester downed the home combination at Chester by a 25-23 score. One of the difficulties encountered by the home quintet is that it is apparently dwarfed in size and stature when in contact with other schools.

Even with its beatings, Lower Merion has been putting up a game scrap. While taking its beatings it is gaining valuable experience.

SUB-JUNIORS

Form New Division of Women's Community Club.

The Sub-Junior Section of the Women's Community Club of Narberth was organized on the 24th of January at the home of Mrs. H. I. McConnell. There were about twenty-five girls, most of whom are daughters of members of the senior club, who signified their desire to join the organization.

A constitution prepared by the Executive Board of the Senior Club was adopted, in which Article II reads: "Its object shall be to maintain an organized centre for intellectual, moral and social development among the girls of Narberth and to equip them for service in the community. It shall also aim to co-operate with the Senior Club in all its projects."

It was decided to meet every two weeks on Monday evening, from 7 to 9 o'clock. The next meeting to be held at the home of Eleanor Rowley, 120 Chestnut avenue, on February 7.

The officers and chairmen who were selected are: Elenore Michaelson, president; Virginia Douglas, vice president; Ruth Hopkins, treasurer; Ellen Pray, recording secretary; Eleanor Rowley, corresponding secretary; Katherine Augst, publicity chairman; Katherine Trobridge, membership chairman; Suzan Reeve, hospitality chairman; Virginia Eyre, program chairman.

At the conclusion of the meeting Mrs. A. W. Borton, of the Children's Aid Society, gave a most interesting talk on her experience as a social worker in Philadelphia and as a Red Cross worker on relief duty in Florida after the recent disaster there. She also promised to help the girls in deciding upon an institution which they can help in some way as an organization.

Mrs. McConnell has been appointed Sub-Junior Adviser, with Mrs. Lester Collier as her assistant.

FIREMEN DINE

Inn Is Scene of Monthly Meeting Tuesday.

The monthly meeting of the Narberth Fire Company was in the form of a supper Tuesday. At that time the Brynwood Manor Inn acted as hosts to the company.

This followed an offer made several weeks ago, when the officials of the Inn expressed appreciation to the firemen for stopping a small blaze in a prompt and efficient manner.

Thirty-three were present, and transacted the routine business of the company, in addition to discussing the current membership campaign.

Following is a list of new contributing members so far secured in the campaign to January 24. Renewals of old memberships will be listed at a later date:

SLOW CLUB

Holds Monthly Meeting at Y. M. C. A.

The regular monthly meeting of the Slow Club was held at the Main Line Christian Association on Wednesday, January 26. The club is made up of a group of young people interested in amusement and recreation of the right kind under proper supervision and leadership.

The main business of the evening was the formation of the various groups which will develop their own program of activities. Much interest was shown in a debating club, which will be led by Mr. Hemminger, of Ardmore. A little later the club will challenge to debate other Slow Clubs in the vicinity of the Main Line.

A number have expressed an interest in basketball, which group will also compete after the necessary practice, with other teams. A committee composed of the following members was appointed with instructions to work up a schedule and secure a floor for practice games, Geo. Caldwell, Marie Shead, Hilda Scott and Mr. McManus.

The doings of the club will be given wide publicity so that the public, especially the young people along the Main Line, will be kept fully informed of the activities. Messrs. Buehler and Fuller were temporarily appointed to look after this important phase of the work.

The responsibility for the conducting of the social activities was placed on Miss Holton, who will have several co-workers to assist in the development of a worth while social program.

You Can Park---So Why Not Shop---In Narberth

Narberth merchants have worked with Council to keep the "no parking" evil from dominating our shopping district. With what result? *It is more convenient to shop in Narberth than in Philadelphia.*

Think about that. In return for the parking space the merchants helped preserve for you—stop awhile on Main Street—to look, choose, and buy. Values are just as good, your satisfaction will be just as complete, and it will be so much more convenient—to shop in Narberth.

Everyone says- Buick is Reliable

Buick reliability is one reason why the majority of new Buicks every year are purchased by old Buick owners.

Buick is the car with the Sealed Chassis, which encases every operating part inside an iron or steel housing, to keep out dirt.

Buick is the car with the high-speed starting motor, for reliability in starting—with mechanical 4-wheel-brakes, for certainty in stopping—and with a six-cylinder, valve-in-head engine, for engine performance that is the envy of the motor car industry.

Buy a Buick! It is a more dependable and more enjoyable motor car.

Y. M. C. A. Will Soon Start Campaign For Million Dollars for Building

"Next month or the month after we expect to start our drive for funds for our new building in Ardmore," George A. Mahl, field secretary of the Main Line Christian Association of the Y. M. C. A. of Philadelphia, informed the members of the Ardmore Chamber of Commerce at their monthly meeting in the "Y" last week.

The new building is planned to supply equal accommodations for men and women and boys and girls, including dormitories for women as well as for men, also apartments for married couples.

Plans are being carefully prepared to complete the proper equipment and schedule of activities for women and girls in all other buildings and departments of the association where restricted space and architectural limitations have delayed the process of the development of a well-balanced program for all members of the family.

Mr. Mahl had on several previous occasions outlined the plans of the Y and their hopes for a new home which would adequately serve this district.

It is planned to raise the money for the new building, which will cost in the neighborhood of \$1,000,000, through popular subscription, as the architect's drawing shows the building will harmonize with the First Presbyterian Church on the corner of Mill Creek and Montgomery avenues.

The present building on Lancaster avenue is the headquarters for the Main Line Slow Club, which is now planning a membership campaign so that others may enjoy the advantages of membership. The campaign will begin February 1 and continue throughout the entire month.

An interesting meeting of the club was held in the Y. M. C. A.

auditorium on Wednesday evening, January 19. Matters of importance concerning initiation fee, dues and other subjects concerning the future welfare of the club were discussed. A special interest was shown in the Hiking Group and a hike will be planned in the near future. Dramatics, debating, athletics, orchestra, singing and lectures are groups to be developed at the next meeting.

NEED MORE FORESTS

Every country, foresters believe, should have one-third of its land area in forests in order to meet its timber and wood needs, says the Forest Service of the United States Department of Agriculture. Our country now has 138,000,000 acres of virgin forests, together with 250,000,000 acres of cut-over land, or a total of only 388,000,000 acres that are really valuable for timber production. This is only one-fifth of our total land area.

In addition to the wood used in buildings and other construction, thousands of articles, including even medicines and clothing, are made from trees or lumber. Furthermore, forests protect game and give enjoyment to hunters and vacationists. They also prevent the washing away of hillsides by heavy rains, and help to check floods by holding back the melting snow and rain water and allowing it to drain off slowly.

BEST RICE

Boil rice in a large quantity of water until tender, then pour it into a colander or sieve to drain, cover with a clean cloth and put it in a warm oven or over a vessel of hot water. As it steams each grain swells and becomes separate.

HELLO, LONDON

Will Soon Be Heard Through Local Exchanges.

Commercial telephone service between Main Line points and London, England, is to be opened tomorrow morning (January 29) at 8.30 o'clock. This extension of transatlantic telephone service follows closely the opening of the service between New York City and London on January 7. It will add to the group already in touch with the British Isles approximately 1,000,000 Bell telephones in Pennsylvania and some 250,000 instruments owned and operated by connecting companies in the State.

Service between up-State New York and England was opened on January 15, and the New England States were added January 22. On the other side of the water the area that can be reached by transatlantic telephones includes the city of London and all points within a radius of one hundred and ten miles of it. On Saturday this area will be extended to include England and Wales, but not Scotland and Ireland.

The rate from Pennsylvania to any point in England within reach of this service will be the same as the present rate from New York City—that is, \$75.00 for three minutes or less, and \$25.00 for each additional minute. Conversations are limited to twelve minutes. The service is on a person-to-person basis. In case it is not possible for the operator on the distant side of the Atlantic to locate the person wanted, a report charge of \$10.00 will be made.

Although the service for Pennsylvania points will not be opened until tomorrow morning, calls for England may be filled any time after 8.30 o'clock this morning, but no calls will be accepted before that hour unless made from a point already open to the London service.

To put in a call for London it will only be necessary for the subscriber to ask for "long distance" and to give to the long distance operator when she answers the name of the person wanted in England, the place where he or she can most probably be reached and the time at which the subscriber wishes to have the connection made.

As there is only one radio-telephone circuit between this country and England it is necessary for the long distance office in New York to book the calls in the order they are received and to allot the time of the circuit as equitably as possible. After the subscriber has put in his call he will be notified when the circuit will be available for him.

It should be borne in mind that this transatlantic service is open only from 8.30 A. M. to 1 P. M., Eastern standard time, which is from 1.30 P. M. to 6 P. M. London time.

'Twas Good in Its Day

The automobile of 1900 was a great improvement over the horse and buggy, and so was the early Gas Range an improvement over the coal stove.

But the Gas Range of today, finished in enamel and equipped with oven heat control, is as far ahead of the early range as the 1926 model limousine is ahead of the 1900 horseless carriage.

THIS ONE TRAVELED FAR; ONCE UNDER A COLD CAR

CONTINUED FROM THE FIRST PAGE
a half an hour than many people
experience in all their lives.

The life of the hobo is no easy
one, according to him. Free trans-
portation on railroads is discour-
aged by "bulls" and "dicks" in a
manner by no means pleasant.
"Connies" and "shacks"—as the
conductors and brakemen are called
—also strive to make life as unpleas-
ant as possible for their uninvited
traveling companions. "And the
blow-on-de-pane dudes laugh at us,"
our hobo said. "And the fieries
and drivers make it hot for us; they
throw lumps of coal—"

Altogether, life is not a bed of
roses for these "knights of the
road." When a freight train is
wrecked, the "bums" on board get
theirs. Other hoboes, less honest,
disturb the fellowship of the mod-
ern round table. Our's shame-
facedly told us of an occasion when
he had been beaten, robbed, and
thrown out of a fast-moving freight
car in which he and some other
knight errants were erring.

And then there was the time when
he was stalled on a winter's night,
on a desolate expanse of wind-
swept plateau in Colorado, far
away from any habitation. Finally
a freight came along, and our hobo
spent the night under a refrigerator
car, in a box half filled with oily
water, his teeth chattering like cas-
tanets.

"But why do you travel so pre-
cariously and uncomfortably?" we
queried, as we let him off at the
City Hall.

"Oh, there are bright spots—" he
replied vaguely.

T. A. E.

AGITATION FOR NEW STATION STARTED

CONTINUED FROM THE FIRST PAGE

Many smaller improvements
will go along with the work if
done. It is probable that the
wooden structure on the railroad
property at the corner of Haver-
ford avenue would be razed. It
was built 15 years ago as a tem-
porary home for the post office.

When the post office moved to
its present quarters, the shack was
not taken away, but was later im-
proved in appearance and taken
possession of by Robert J. Nash as
a real estate office.

The building is said to lie partly
on the bed of Haverford avenue
at that point. It offers a serious
obstruction to the view of those
crossing from the station and has
been the cause of many near-
accidents. Its removal would
result in an immediate and dis-
tinct improvement in that section.

Another project which would
come up after the completion of
the improvements would be the
tunneling of the railroad at Essex
avenue. This plan has been agi-
tated for many years, in an effort
to provide a safer and more con-
venient route between the north
and south sides.

The cost, however, is placed at
over \$100,000 by the railroad, a
part of which, they claim, must be
paid by the borough. A discus-
sion of this would logically follow
the finishing of the more immedi-
ate job.

SENIORS ENTERTAIN

The members of the Junior
Community Club were the guests
Thursday night at a bridge party
held at the Brynwood Manor Inn by
the Board of Directors and Execu-
tive Board of the Women's Com-
munity Club.

Seventy were present. Refresh-
ments were served and prizes
awarded.

A dance is being planned by the
Juniors for the 18th of February
at the Inn.

bers will please note the date and
plan to be present. Full details
will be given next week.

You can save time, worry and
money by buying in Narberth.

HELLO, LONDON

ously funny situation in Sir
Percy's ultra-exclusive office.
Mutual dislike and misunderstanding
flourish. The absurdly violent
nationalism of the two men af-
fords delicious burlesque.

Enter the younger generation,
Hiram's son and Sir Percy's
daughter with youth and charm
and open minds. Romance blooms.
They drive a wedge of good will
into the frozen situation. Pres-
ently the American sees himself
to be just as ridiculous as Sir
Percy and the latter finds himself
to be quite as absurd as Hiram.
And after enjoying a laugh at
their own expense, the find each
other not only tolerable, but even
likeable, yes, "bah Jove," jolly
good fellows. The romantic youths
turn the trick and the jarring na-
tionalists pool their fortunes in a
boot factory that will shoe the
world.

Wit, satire, laughter, these are
the weapons George M. Cohan
uses to probe the ridiculous pre-
tensions of the American and of
the English in turn.

His clever lines, his surprising
situations, his rich burlesque strip
the sham to shreds. It is whole-
some, rollicking fun, blended with
tears and romance, virtually a
cleansing bath of emotions.

"So This Is London" is a useful
study in international tolerance, a
petition for love between nations.
Amid the sparkling, sizzling com-
edy, mounting act after act to a
delicious climax, you'll find the
sermon.

COOK MADE GRID CAPTAIN, IN UPSET ELECTION AT L. M.

for the following football season.

The Lower Merion-Radnor cup
donor, Joseph F. Derham, briefly
emphasized his wish to have Lower
Merion win back the Derham
trophy in short order. So far Lower
Merion and Radnor each have a
leg on the trophy. The cup goes to
the school winning three out of five
games.

Speaking as a representative of
the fathers of the senior class grid
men, Carroll Stewart, father of
Wendell Stewart, wished for better
luck and continued success in all
athletic affairs of the future.

A new proposition was made to
complete the 1928 bargain with Nor-
ristown when H. A. Feira, of Cyn-
wyd, offered a silver football trophy
for the Lower Merion-Norristown
game. The winning of the trophy
is to be based on the same restric-
tions as those of the Derham trophy.
The trophy is in the shape of a regu-
lation football mounted for kick-
off.

Berwyn High School had several
representatives present, two of
whom spoke on the fine athletic re-
lations between the two schools.

Mr. E. E. Burlingame, treasurer
of the school board, also spoke to
the boys, encouraging them to better
athletics and complimenting them on
their past season.

Other speakers were Secretary
William J. Byrnes, Jr., of the school
board; Superintendent S. Edgar
Downs and Principal Edward
Snow, of the Junior High School.
Mr. Byrnes and Mr. Downs praised
the grid men for their showing the
past season and predicted big things
from next year's Lower Merion
team.

SEE NEWSPAPER PLANT

Twenty-six Boy Scouts, under
the leadership of Benjamin J.
Cook, scoutmaster, journeyed to
Philadelphia last Saturday eve-
ning on the 6.59 train, where they
made a tour of the new Elverson
Building on North Broad street,
the home of "The Inquirer."

They were conducted through
the building by Chief Guide
Frost, who explained in detail the
many features connected with
the publication of a metropolitan
daily newspaper. At the conclu-
sion of the tour, the boys were
photographed on the main en-
trance steps. This picture was
published in "The Inquirer" of
last Monday on the page of world
pictures.

This was the first of a series of
tours to points of interest, man-
ufacturing plants, and educational
institutions, which have been
planned for the scouts during the
year. A written report will be re-
quired of each scout as a part of
his training in observation and
journalism.

Our annual offering for Near East

Relief is made today in both the Bible

school and the meetings for worship.

The public is cordially invited to share

with us in this important work.

Two memorial collection plates are

presented today by the H. C. Gara

Men's Bible Class and received by the

trustees in behalf of the church. The

one is a memorial to Mr. H. C. Gara,

whose name the class bears, and whose

faithful and efficient labor in this

church for many years is a very

precious heritage. The other plate is

"A NASTY MESS"

SO SAY PHILADELPHIA SHOPPERS

LAST week Philadelphia started to enforce a drastic set of parking laws. Not only must the shopper be barred from many streets, but the crowding of cars on the other streets makes it necessary to travel blocks to find a place to park.

Many out-of-town people, accustomed to driving in for their purchases, have been compelled to avoid the big shopping centres. It has been found that Narberth's business section, with plenty of room to park, and with a lack of dirt and confusion, now offers the finest available shopping facilities.

Keep away from town with the murderous busses, the crowding trolleys and taxis, the lack of parking space, the long walks and tiresome waits. Learn the scope of Narberth's enlarged business section, and discover the reasonable prices, the quick service, and the courtesy which await you.

You can park in Narberth. Sensible rules are sensibly enforced. No trolley and taxi combine is trying to force private cars away from Narberth's business section. You can park with ease, shop with ease, and go home satisfied.
